

## Welcome

This is an opportunity to let you know that CRBBT has launched a new initiative to keep its volunteers updated on various news and events. For refugees, a similar publication has already been launched. Every time a new volunteer registers going forward, they will receive an orientation email with details on the project, social media presence, groups, and ways they can make a difference.

### 9TH ANNUAL NEWCOMER EVENT AT NATHAN PHILIPS SQUARE

CRBBT team attended the 9th annual newcomer day event in Toronto and it was a terrific opportunity to learn and share what we do regarding Canadians and refugees building bridges together.

### EAST TORONTO HEALTH PARTNERS WELLNESS DAY

Recently, our team attended another event in Toronto under East Toronto Health Partners and we have tried to engage law enforcement and other key stakeholders.

# MARKETING MATERIAL AND FACEBOOK GROUP FOR VOLUNTEERS

CRBBT is thrilled to share with you our newly designed trifold brochure, which our caring community can use in your respective communities to raise awareness and community engagement. Additionally, we have created a new dedicated Facebook group only for volunteers, where you can engage and share ideas and information with other community members. Please find below link and feel free to join.

[CARING COMMUNITY FACEBOOK GROUP](#)

**Mission & Vision**

We seek to support growing, caring communities of Canadians and Refugees. Together, we are creating a bridge to carry refugees from limbo and despair to freedom, hope and the opportunity to create a new life in Canada. We will enrich the lives of all Canadians as we learn and grow, create necessary social change, and drive economic impact.

A place to build and promote awareness of the Refugees who are eligible for private sponsorship by engaging in community building and focusing on Communities of Care.

**CANADIANS AND REFUGEES BUILDING BRIDGES TOGETHER**

**Group 5 Sponsorship**

Groups of Five are 5 or more Canadian citizens or permanent residents who sponsor refugees to settle in their communities

**Why**  
And how we do this?

CRBBT is a community-driven project with the goal of building human connections and create a bridge between Canadians and Refugees.

- Bring awareness to the private sponsorship program to Canadians
- Raise awareness of the refugees trapped "safe" temporary countries
- Build communities of like-hearted Canadians and provide hope
- Find and connect sponsorship teams for Group 5

**Refugee registration**

G5s can only sponsor applicants who are recognized as refugees by either:

- The United Nations Refugee Agency (UNHCR) or
- The government of the country (foreign state) where the refugee lives

Sign up as a Refugee 

**Want** to be part of this unique project?

We have volunteer opportunities for everyone and you may scan the below QR code and register yourself as a caring community member.

## **SOCIAL MEDIA PRESENCE**

We would like to ask our volunteer community to help like, subscribe, and share our social media pages so that we can gain more attention and play our part in promoting awareness.

### **PARTNERSHIPS WITH DIFFERENT STAKEHOLDER**

Last month was really productive in terms of building new partnerships with different stakeholders and we are really excited to collaborate with Aman a Non-profit working with refugees in Turkey and Middle East and also a settlement organization working with Hazara community called Hazara community services.

**To join our Sunday morning Zoom session with refugees, please click here**

### **VOLUNTEER ROLES ARE AVAILABLE**

Volunteer roles are available to build the program and those include Marketing & Communication, Grant writing and research, Events management, Documentation (application writing), fundraising and English language training.

We request our volunteers to spread the word in your respective communities

**For suggestions and feedback, please email us at [canadians.refugees@rethinkpolicychange.ca](mailto:canadians.refugees@rethinkpolicychange.ca)**
